

PLANT HEALTHCARE

**Phil Taylor and
Rob Reeder, CABI**

10. SAFE USE OF PESTICIDES

© CAB International 2012

INTRODUCTION

- **Care should always be taken when handling and applying pesticides.**
- **Plant doctors have a duty to inform farmers of the hazards and correct means of handling chemical substances.**
- **Please watch the following presentation carefully noting down potential problems. Only record each problem once!**

Thank you

A photograph of a man in a blue and white striped shirt and grey shorts, carrying a large orange backpack sprayer. He is holding a long black spray wand and is in the process of spraying a field of banana plants. The background is filled with lush green banana leaves and stems. The foreground shows the lower part of the banana plants and the ground.
